**READING THE DATA**: This page shows the state's performance over 4 IJRs and how it compares, on each indicator, against the 6 other small states. The state's position in each indicator is also shown through 3 colour bands. The more the blue bands, the better. 'Best value' and 'worst value' are the highest and lowest results in that indicator.

<b>READING THE DATA:</b> This page shows the state's performance
over 4 IJRs and how it compares, on each indicator, against the
6 other small states. The state's position in each indicator is also
shown through 3 colour bands. The more the blue bands, the
better. 'Best value' and 'worst value' are the highest and lowest
results in that indicator.

## About India Justice Report 2025

The India Justice Report (IJR) 2025 is India's first and only comprehensive quantitative index which uses government data to rank the capacity of 'pillars' of the formal justice system. First published in 2019, it continues to track improvements and persisting deficits in each state's structural and financial capacity to deliver justice based on quantitative measurements of budgets, human resources, infrastructure, workload, and diversity across police, judiciary, prisons and legal aid, and Human Rights Commissions for all 36 states and UTs. The IJR is a collaborative effort undertaken in partnership with DAKSH, Commonwealth Human Rights Initiative, Common Cause, Centre for Social Justice, Vidhi Centre for Legal Policy and TISS-Prayas.
