

## Chhattisgarh ranked 17th among 19 large and mid-sized states in consumer justice ranking: Consumer Justice Report 2026

**18 March, Raipur:** A first-of-its-kind study, the *Consumer Justice Report 2026: Assessing Capacity of Redressal Commissions in India*, by the India Justice Report (IJR) released today, ranks Chhattisgarh 17th among the 19 Large and Mid-sized states (with populations of over one crore each) with the top spot taken by Andhra Pradesh followed by Madhya Pradesh, Rajasthan, Karnataka and West Bengal.

### ***Some encouraging trends<sup>1</sup>:***

- In 2023 and 2024, the State Consumer Dispute Redressal Commission (SCDRC) and District Consumer Dispute Redressal Commissions (DCDRCs) cleared more than 100% of cases
- As of 2025, there was no vacancy in the post of the SCDRC president

### ***Where improvements can be made:***

- As of 2025, three of the four SCDRC member positions were vacant
- In 2025, the DCDRCs reported a 41% shortfall among presidents and 32% among its members.
- Only 27 district commissions were formed in the 33 districts of Chhattisgarh, lower than the mandate of one per district

Among the nine small states (with populations less than one crore each), Meghalaya ranked first, followed by Sikkim and Himachal Pradesh.

Drawing primarily on public data obtained through Right to Information inquiries and parliamentary responses, the study evaluates state performance through the filters of budgets, infrastructure, human resources, workload and diversity to rank how well states have equipped themselves to fulfill the statutory obligations under the Consumer Protection Act, 2019.

Analysis of cases filed and disposed between 2010 and 2024 (15 years) as available on the official portal Confonet<sup>3</sup> (now e-jagriti) by IJR reveals that

1. Nearly 11,000 cases were filed with Chhattisgarh's SCDRC. Less than 400 cases were pending. Of the filed cases, only 5% were original jurisdiction.
2. Nearly 36% of the cases filed with the SCDRC were an insurance complaint. The 'Others' category - an unspecified category used on the e-Jagriti portal accounted for 33% of cases filed. The banking and housing sector accounted for 11% and 8% respectively.
3. More than 61% of cases filed in this period took less than six months for disposal. On average, Chhattisgarh's SCDRC disposed of cases in 222 days and in five hearings.
4. Only 15% of SCDRC cases took more than a year to be disposed.

<sup>3</sup> CONFONET was an Online Case Management System administered by the Department of Consumer Affairs to digitise the functioning of the consumer commissions across India, enabling end-to-end digital tracking from case filing to judgment at the district, state, and national levels. To modernise this framework, CONFONET 2.0 was introduced in December 2023. Subsequently, CONFONET has been subsumed into e-Jagriti, launched on 1 January 2025 as a unified platform that integrates CONFONET with other legacy systems to deliver a seamless, citizen-centric ecosystem for faster and transparent consumer justice. It allows advocates to manage cases and hearings, while providing judges secure access to end-to-end digital case files, analytics, and virtual courtrooms to facilitate faster, infrastructure-light adjudication.

Justice (Retd.) Sanjay Kishan Kaul, Former Judge, Supreme Court of India released the report and said, “the will of the Parliament is reflected in a legislation but if the legislation is made non-functional then will is also defeated. The Consumer Protection Act, 2019 was expected to improve consumer protection capacity in the country. But it is concerning to find that more than half the president and member positions in state commissions are vacant and not all districts have formed district commissions. This has persisted despite multiple court orders including during my tenure when we had taken suo motu cognisance of capacity gaps. These significant gaps affect the consumer protection institutional structure and the access to speedy and effective redressal. Furthermore, it erodes the confidence of consumers in grievance redressal in the consumer commissions”.

Justice (retd.) Madan B Lokur said, "the Consumer Protection Act is a beneficent legislation at the centre of which is the ordinary consumer. The report clearly shows that the system is working at subsistence level, with vacancies as high as 40% in State Commissions. One in three cases is pending over three years. It is time the authorities realise that consumption and economic growth is severely affected by the lack of faith in consumer redressal mechanisms. Forty years after the Consumer Protection legislation Act was enacted the situation is terribly grim. It raises the question: Are these commissions really grievance redressal bodies? "

Maja Daruwala, Editor, India Justice Report, said, “The 2019 consumer protection law is designed to respond to the complexities of the changing marketplace in India and globally. While there are improvements and innovations compared to the previous statute, even the most progressive legislation relies on robust institutional mechanisms. Data accessed through RTI show the gaps and neglect in filling leadership vacancies in commissions which undermines the spirit of the consumer protection mandate and leads to ineffective grievance redressal. We find that in consumer commissions gender diversity is restricted to mere compliance, pendency persists, and mediation is ornamental, eventually weakening the promise of institutional resolution and redress for consumers.”
