

Maharashtra ranks 11th among large states in consumer justice ranking, reveals IJR's Consumer Justice Report 2026

18 March, Mumbai: A first-of-its-kind study, the *Consumer Justice Report 2026: Assessing Capacity of Redressal Commissions in India*, by the India Justice Report (IJR) released today, ranks Maharashtra 11th among the 19 Large and Mid-sized states (with populations of over one crore each). Andhra Pradesh secured the top rank followed by Madhya Pradesh, Rajasthan, Karnataka and West Bengal.

Some encouraging trends¹:

- No vacancy in the post of the President at the SCDRC in 2025
- 40 District Consumer Dispute Redressal Commissions (DCDRC) established across the 36 districts of the state
- Apart from the State Consumer Dispute Redressal Commission (SCDRC) at Mumbai, 6 other regional and circuit benches of the SCDRC have been established in the state

Where improvements can be made:

- As of 2025, there was a 36% shortfall among members at the SCDRC
- District Consumer Dispute Redressal Commissions (DCDRC) too faced a shortfall of 25% among Presidents and 30% among members; Mumbai's four DCDRCs cleared only 36% of the 4,388 cases filed (2022-2025).
- At 64.5%, Case Clearance Rate for the period 2020-2024 is lowest among the large and mid-sized states
- On an average, both the state and district commissions take more than 600 days for disposal, nearly 4 times the maximum stipulated time

Among the nine small states (with populations less than one crore each), Meghalaya ranked first, followed by Sikkim and Himachal Pradesh.

Drawing primarily on public data obtained through Right to Information inquiries and parliamentary responses, the study evaluates state performance through the filters of budgets, infrastructure, human resources, workload and diversity to rank how well states have equipped themselves to fulfill the statutory obligations under the Consumer Protection Act, 2019.

Consumer Commissions Jurisdictions

Based on the 2021 rules², each tier has a pecuniary jurisdiction to entertain complaints of a specified monetary value.

² The Consumer Protection (Jurisdiction of the District Commission, the State Commission and the National Commission) Rules, 2021. Available at: https://consumeraffairs.gov.in/public/upload/files/232278_1732705181.pdf

- District Commissions - jurisdiction to entertain complaints where value of the goods or services paid as consideration does not exceed 50 lakh rupees.
- State Commissions - jurisdiction to entertain complaints where value of the goods or services paid as consideration exceeds 50 lakh rupees but does not exceed 2 crore rupees.
- National Commission - jurisdiction to entertain complaints where value of the goods or services paid as consideration exceeds 2 crore rupees.

Time Period Analysis of Consumer Cases

Analysis of cases filed and disposed between 2010 and 2024 (15 years) as available on the official portal Confonet³ (now e-jagriti) by IJR reveals that-

1. There were nearly 69.7 thousand cases filed with the Maharashtra SCDRC. Of these, 55% were 'first appeals' - a legal remedy available to a party not satisfied with the decision passed by a district commission - and 15% were consumer cases filed with original jurisdiction.
2. 1 in every 3 cases (32%) filed with the SCDRC was an insurance complaint followed by housing [31%] and banking [11%] sector complaints.
3. More than 50% of cases filed in this period took more than a year to dispose of. On average, Maharashtra's SCDRC disposed of cases in 662 days as against the maximum mandated time of 150 days.
4. On an average, the DCDRCs took 612 days to dispose of a case.

Staff in SCDRC

The presence of adequate staff strength is essential to the smooth functioning of an SCDRC. The Bagla Committee Report in 2000 recommended a total of 38 staff positions including 10 peons in a SCDRC. It also said that for every 250 pending cases there should be a 1 assistant and 1 LDC, thereby taking the minimum strength to 40. For SCDRCs, with a pendency of less than 500, a total of 15 staff positions were recommended. As of 2025, 15% of the staff positions were vacant at the SCDRC.

Capacity of DCDRCs in Mumbai

The study analysed RTI responses for four DCDRCs in the state capital of Mumbai on its vacancy, caseload, gender diversity, and budget.

³ CONFONET was an Online Case Management System administered by the Department of Consumer Affairs to digitise the functioning of the consumer commissions across India, enabling end-to-end digital tracking from case filing to judgment at the district, state, and national levels. To modernise this framework, CONFONET 2.0 was introduced in December 2023. Subsequently, CONFONET has been subsumed into e-Jagriti, launched on 1 January 2025 as a unified platform that integrates CONFONET with other legacy systems to deliver a seamless, citizen-centric ecosystem for faster and transparent consumer justice. It allows advocates to manage cases and hearings, while providing judges secure access to end-to-end digital case files, analytics, and virtual courtrooms to facilitate faster, infrastructure-light adjudication.

1. All four DCDCs had a president for five years, between 2021 and 2025. But the vacancy among member posts fluctuated. No individual year reported all four DCDCs having filled all member posts.
2. The average vacancy among staff at DCDCs remained at 33% for the 45 sanctioned posts in between 2021 and 2025.
3. Mumbai Suburban additional DCDC did not have a single female member in the past 5 years
4. In the past 4 years (2022-2025), the four DCDCs cleared only 36% of the 4,388 cases filed.

Justice (Retd.) Sanjay Kishan Kaul, Former Judge, Supreme Court of India released the report and said, “the will of the Parliament is reflected in a legislation but if the legislation is made non-functional then will is also defeated. The Consumer Protection Act, 2019 was expected to improve consumer protection capacity in the country. But it is concerning to find that more than half the president and member positions in state commissions are vacant and not all districts have formed district commissions. This has persisted despite multiple court orders including during my

tenure when we had taken suo motu cognisance of capacity gaps. These significant gaps affect the consumer protection institutional structure and the access to speedy and effective redressal. Furthermore, it erodes the confidence of consumers in grievance redressal in the consumer commissions”.

Justice (retd.) Madan B Lokur said, "the Consumer Protection Act is a beneficent legislation at the centre of which is the ordinary consumer. The report clearly shows that the system is working at subsistence level, with vacancies as high as 40% in State Commissions. One in three cases is pending over three years. It is time the authorities realise that consumption and economic growth is severely affected by the lack of faith in consumer redressal mechanisms. Forty years after the Consumer Protection legislation Act was enacted the situation is terribly grim. It raises the question: Are these commissions really grievance redressal bodies? "

Maja Daruwala, Editor, India Justice Report, said, “The 2019 consumer protection law is designed to respond to the complexities of the changing marketplace in India and globally. While there are improvements and innovations compared to the previous statute, even the most progressive legislation relies on robust institutional mechanisms. Data accessed through RTI show the gaps and neglect in filling leadership vacancies in commissions which undermines the spirit of the consumer protection mandate and leads to ineffective grievance redressal. We find that in consumer commissions gender diversity is restricted to mere compliance, pendency persists, and mediation is ornamental, eventually weakening the promise of institutional resolution and redress for consumers.”

About the India Justice Report:

The India Justice Report (IJR) is a quantitative index that uses the government’s own statistics to rank the capacity of the formal justice system operating in various states. The IJR is a collaborative effort undertaken by DAKSH, Commonwealth Human Rights Initiative, Common Cause, Centre for Social Justice, Vidhi Centre for Legal Policy and TISS-Prayas.

First published in 2019, each biennial report tracks improvements and persisting deficits in each state’s structural and financial capacity to deliver justice based on quantitative measurements of budgets, human resources, infrastructure, workload, and diversity across police, judiciary, prisons, legal aid and Human Rights Commissions for all 36 states and UTs.
